---

The Provincial Population Office in Surigao del Sur reported its accomplishment for the first half of 2011.

According to Mila Arreza, Provincial population Officer here, this covers programs on adolescent Health & Youth Development, Reproductive Health and Family Planning, Gender and Development, and POPDEV Integration.

Under such programs, her office has shared more information through different seminars, youth camps, and trainings including cooperation with the people in media.

However, Arreza stressed, the most that they have taken advantage of and utilized was the 2011 women's month celebration in March.

Arreza mentioned, they have conducted more programs and projects during said period.
